

FOR IMMEDIATE RELEASE

METAXCHANGE.AI, INC. Completes Strategic Acquisition of Universal Max Resources, Expanding APAC Footprint and AI Digital Hub ERP Capabilities

Fort Lauderdale, FL – April 13, 2026 — METAXCHANGE.AI, INC., a Florida “C” Corporation and provider of an AI-powered Digital Media Hub and pioneer in AI-driven Enterprise Resource Planning (ERP) solutions, today announced the successful acquisition of an **81% controlling interest** in Universal Max Resources Sdn Bhd.

Based in Malaysia, Universal Max Resources is a profitable consumer cyclical company operating across the automotive and logistics sectors, generating approximately **\$3 million in annual revenue**. The transaction was executed through a **tax-free share exchange agreement**, strengthening METAXCHANGE.AI’s global structure with a strategic subsidiary and significantly expanding its presence across the Asia-Pacific (APAC) region.

Strategic Expansion into Asia-Pacific.

The acquisition positions METAXCHANGE.AI to expand and leverage Malaysia as a **regional operational hub**, enabling broader expansion into high-growth APAC markets. By integrating Universal Max’s established trading operations and logistics infrastructure, the company aims to accelerate market penetration and enhance operational efficiency.

AI-Driven Transformation of Logistics and Distribution

METAXCHANGE.AI plans to integrate its proprietary technologies—including AI infrastructure, ERP systems, and its Digital Media Hub—into Universal Max’s existing distribution channels. This transformation is designed to:

- Optimize **cash flow and inventory management**
- Enhance **supply chain transparency and efficiency**
- Deploy **data clean room technologies** for secure, intelligent data utilization
- Expand digital capabilities across traditional logistics operations

Strategic Highlights

- **Immediate Revenue Impact:** Adds approximately **\$3 million in annual revenue** to the METAXCHANGE.AI ecosystem
- **Regional Hub Development:** Establishes a strong operational base in Malaysia to support APAC expansion
- **Technology Integration:** Combines logistics infrastructure with advanced **AI, ERP, and digital media capabilities**
- **Market Consolidation Opportunity:** Enables aggregation of fragmented regional supply chains into a unified, scalable platform

“Acquiring Universal Max Resources allows METAXCHANGE.AI to capture and consolidate a highly fragmented regional market through strategic integration,” said Ahmad Moradi, Chairman, President, and CEO of METAXCHANGE.AI, INC. “This acquisition empowers wholesalers and manufacturers to adapt to digital transformation while expanding distribution infrastructure. Universal Max’s presence in Malaysia strengthens our transnational footprint and enables us to cultivate a high-value ecosystem delivering both tangible and intangible value to our subsidiaries, shareholders, and clients.”

About METAXCHANGE.AI, INC.

METAXCHANGE.AI, INC. is a Florida-based “C” Corporation delivering an AI-powered Digital Media Hub integrated with advanced ERP solutions. As a pre-IPO NASDAQ private market-aligned company, METAXCHANGE.AI is focused on expanding its global footprint through strategic acquisitions, enabling cost efficiencies, enhancing supply chain capabilities, and delivering scalable digital infrastructure via NETSTAIRS Cloud and iCDN-powered platforms.
